

## Stationary Air Compressors

Let's face it, standard air compressors are LOUD. All this NOISE interferes with workplace communication, lowers productivity on the job, and increases risk of hearing loss. Fortunately, Flexzilla® brings quiet back to the workplace.

### QUIET TECHNOLOGY™

- Flexzilla air compressors are the quietest on the market, emitting operating noise no louder than a normal conversation.
- Flexzilla air compressors feature low RPM pumps and motors that reduce high frequency noise levels while increasing CFM output.

### SILENCER™

- Flexzilla stationary air compressors include the Silencer™, a patented noise suppression system that reduces low frequency noise levels.

### FEATURES

- Motor - Open drip proof (ODP)
- Heavy Steel OSHA Approved Belt Guards
- Automatic Tank Drain

SINGLE PHASE ONLY, 3-PHASE MOTOR IS NOT AVAILABLE FOR SPLASH UNITS
